Dr. Jane Henney, Commissioner  
U.S. Food & Drug Administration  
5600 Fishers Lane, Room 1471  
Rockville, MD 20857

Dear Commissioner Henney:

I urge you to ban human antibiotics in animal feeds. I have educated myself on this subject, and am frightened by the horrifying possibility of untreatable infections. This horrifying possibility, in which drug-resistant bacteria become deadly, can be prevented with your help.

Please do the right thing and ban all human antibiotics from animal feeds.

Sincerely,

A handwritten signature in black ink that reads "Stu Sherman". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Stu Sherman
